16 | 20mm THICKNESS

A reflection on the primitive and minimalist form of stone and on the different finishes that originate from the different ways of working this material: this is what inspired the Stonetalk collection.

The various that make up the collection capture all the splendor of real marble, highlighting one of the wonders offered by nature and provoking at the very first sight the same strong emotional impact experienced.

The dark stone stands out due to its decisive but refined mood and can also transmit these features to large architectural spaces.

ROBUST THICKNESS MIGHTY DURABILITY

20MM
THICKNESS

The substantial thickness of 20mm of the collection lends the surfaces exceptional durability and resilience. The thickness offers surfaces durability to endure heavy traffic, weight, and rugged use and makes the surfaces practically ideal for all kinds of usages. The thickness paired with R11 anti-skid surfaces makes the surfaces of the collection extremely safe for use outdoors.
